CHANG
• Didn’t think you were serious
• Comfortable
• Didn’t want to!
• Know who I’m sitting with
• Didn’t want to leave stuff behind
• Didn’t know why or how
CHANGÉ

• We must be willing to change our own behavior
• We must ask and understand “why”
• We must be willing to “come to the other side”
What Can Faith Leaders and Communities Do?
What Can Faith Leaders and Communities Do?

#1 Reduce Stigma

Raise Awareness
Reduce Stigma
Every addicted person brings with them a distinct personal history, which should be listened to, understood, loved, and, where possible, cured and purified. We cannot fall into the injustice of classifying them as if they were objects or broken junk; rather, every person should be valued and appreciated in their dignity in order to be cured.

- Pope Francis, speaking at the Vatican Conference on Narcotics November 2016
Why Does Stigma Matter?

Stigma harms the psychological wellbeing of users

Stigma impacts our legal system, our medical system, and our legislative system

Individuals in this population often cannot advocate for themselves

Stigma decreases the chance someone asks for help

May increase overdose or suicide risk
Use person-first language

Someone has a mental illness, is not mentally ill

Someone struggles with depression, is not depressed

This can be a challenging shift

Some patients may self-identify without person-first language
Lead with Compassion

#1a

Drug use is not a moral failing.

Addiction is a Disease.

People can - and do - recover!
What Can Faith Leaders and Communities Do?

Open Your Doors

#2 Consider hosting AA, NA, SmartRecovery Groups

Faith Based Programs: Celebrate Recovery, The Landing, Teen Challenge

#3 Educate yourself, and direct people to the support they need
What Can Faith Leaders and Communities Do?

Offer Prayer & Support

#4  During public or congregational prayer, particularly prayers for the sick, pray for people who suffer from addiction/substance use disorder.

#5  Support community events that address addiction through prevention and awareness.
What Can Faith Leaders and Communities Do?

Focus on Youth

#6 Have youth ministers / youth pastors participate in community drug prevention activities and coalitions.

#7 Create healthy, alternative activities for youth.

Don’t be afraid to set expectations!

Our faith teaches us...
Our church believes...
We forgive and repent...
We expect you to (not to)
How Do You Get Started?

SIMPLE!

Just do 2 of these things, immediately.
